PROJECT SPECIFICATION

Project Title: Me Mantra

Course Number: SOEN 490

Project Description:

Me Mantra is a mobile wellness application designed to help people integrate evidence-based cognitive behavioral techniques (CBT) into their daily lives through short and memorable mantras. Although self-help content has become increasingly available, it often fails to create lasting change. Me Mantra tackles this challenge by combining simple affirmations with deeper context, explanations, and personalized delivery, making these mantras more impactful and easier to incorporate into everyday life.
